# Müller Light & Ventilation Ridges

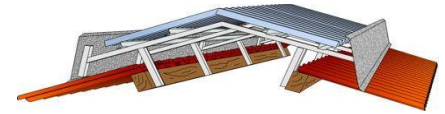

## Price List

### Basic

The skylight hood is standard in crystal-clear. Translucent as an accessory request.

The prices are valid for roof slopes up to 25°.

Packaging costs 49 € per ridge.

Müller Light & Ventilation Ridges are object-based and individually manufactured and are therefore excluded from return.

The production time is normally approx. 2 weeks.

### Logistics

Delivery ex works.

All prices plus valid value added tax.

For a tax-free export delivery we need the VAT Registration Number.

Tax liability to consignee.

For collections ex works and crossing the EU-Border then you will get an export accompanying document. Costs for the document 89 €.

For that we need the name of the transporter and of the border crossing point where the transporter leaves the EU.

The customs tariff number for the Müller Light and Ventilation Ridges is 76101000.

Freight costs will be charged upon delivery.

The customs handling costs from the transporter, customs clearance costs for imports, country's own customs duties and sales tax are at the expense of the consignee.

Internal additional costs for customs processing € 140.00.

**Effective June 2021.** Subject to alterations.
